I've written and published the new Version 2 lessons through Week 8 as of today.

So today I WOULD be raising the price of the class to **\$267 or \$55/month for 5 months** until **Lesson 12** is published.

**BUT** I want to give myself a week to write the first draft of **Longview 4: The Vipers' Nest** – I'm writing the series as a demo for the class as well as to fill in some things happening in Cadence Drake's universe from another perspective.

So until Friday, May 5th, **How to Write a Series** will still be **\$197 or \$40/month for 5 months**.

**If you want to get the class at its lowest possible price, register in the next seven days.**
