I woke up around four-ish this morning knowing the RIGHT ending, which was significantly better than the ending I had. Got up, wrote, rewrote, and now at 7:18 AM, WARPAINT IS DONE.

With the right ending.

I still have to have my editor read it, I still have to make changes, I still have to get ARCs out to my reviewers, but WARPAINT will be in print this month.

I have some catch-up to do with email, and Student Support, and a bunch of other things that have slipped while I've been buried in this.

So I'm done with everything but printing off a copy of the manuscript today.

DONE.

DONE!

I'm done.
