Monday: Stressful **plus** expensive, with an unwanted 400-mile round trip one-day drive thrown in just to make things even more of a pain in the keester.
Today, with problem solved, and day open for writing and family: Priceless.

For what it's worth.

Saw the comments on the snippet, and realized that a snippet would be the perfect thing to post every Friday before I shut down for the weekend. (On Fridays when I'm writing rather than revising, anyway.)

What do you think?
