Tortellini, by Lauren Orbison

I've been corresponding back and forth with a student of mine for a while now, and think you'll find the story of how she hit print inspiring—and amazing.

So I'd like to introduce you to Lauren Orbison, author of **Tortellini** [link goes to her site], and her tell you this story herself. Lauren garnered serious interest from a couple of BIG publishers, but in the end decided that going the indie route was best for her writing goals.

I'm thrilled with her success, and excited to see what she comes up with next.
