Cover for *Women at War* – Painting by Nicholas Jainshigg

I don't like this particular cover, though I find some of the aliens kind of appealing. My story in this one was "A Few Good Men," which took one of my characters from *Fire in the Mist* and the other *Arhel* books and explored her past – it was about how Medwind Song went to war over a goat and ended up with nine husbands. I think I had the

only humorous story in an otherwise dark anthology.
