

World's worst wake-up lines

By Holly Lisle

There have to be worse ways to wake up, but, "Mommy, I pooped on my pizza" will drag a mother from dead unconscious to bolt upright in .37 seconds flat.

Of course, it doesn't make any sense, and the child who said it – in clear, ringing tones – was sound asleep when he uttered this phrase ... and didn't bother to wake **himself** up with this little declaration. But it sure brought my sleep-time to a screeching halt.

Good morning. I'm working now, wearing the frazzled – yet still weirdly grateful – air of someone who just missed being run over by a bus on the way to work.

Kids.
